

# First Ireland Spirits

**First Ireland Spirits is currently recruiting for the following vacancy in the Technical Department**

**First Ireland Spirits** is Ireland's largest independent producer of Irish Cream Liqueur, Country Cream and Irish whiskey / Whiskey Liqueur, exporting to over 40 countries worldwide. We're part of

**Quintessential Brands**, a leading independent, international spirits group with global reach and world class capabilities in brand building, crafting, distilling, bottling, selling and marketing spirits brands and private label products worldwide.

## QC Laboratory Technician

Working on a shift basis this role is a permanent position.

**Based in Abbeylax the main duties of the role are:**

- Routine Batch analysis on a range of alcoholic beverages
- Process and Bottle Line checks
- Plant Hygiene inspection

The successful candidate will be required to work in a team environment and should be familiar with following hygiene and food safety requirements along with having good organisational and communication capabilities.

### **Key requirements for this role:**

The ideal candidate will have a suitable qualification in science. Experience in a food manufacturing setting is desirable but not necessary. Candidates must be eager to learn, show initiative and enthusiasm, be computer literate and possess excellent time management and interpersonal skills.

**If you really care about making a difference to an organisation, are a team player and have the courage to overcome challenges then we want to hear from you!**
