## South East Technological University Data Inventory & Records Retention Schedule

Recital 39 of the GDPR states that the period for which the personal data is stored should be limited to a strict minimum and that time limits should be established by the data controller for deletion of the records (referred to as erasure in the GDPR) or for a periodic review.

**Disclaimer:** The suggested retention periods in this document are provided as general guidelines only. Although we make every effort to ensure the accuracy of this information, the South East Technological University is not responsible for misinterpretations, errors or omission. Nor are we responsible for its applicability to a specific situation. The University records retention schedule is updated on an annual basis and if required will be updated as new records or changes to retention periods arise.

NOTE: In the case of litigation, the SETU reserves the right to retain relevant records past the listed retention period.

Department/Faculty	RECORD	RETENTION PERIOD	Classification	Data Owner	Note
Academic Faculty	Green & White Sheets/Emarks Sheets	Minimum 3 years except in the case of litigation and/or extenuating circumstances	Internal Use Only	Head of Faculty
